5517.01 - BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community.

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse, and violence within a dating relationship. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while enroute to or from school, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means:

- A. any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or
- B. violence within a dating relationship.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking,

bullying/cyberbullying, intimidating, menacing, coercion, name calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyberbullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the Building Principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The Building Principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether acts of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report. Where appropriate, written witness statements shall be attached to the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying/cyberbullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy [5517](#) - Anti-Harassment.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and

will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. If after investigation, acts of bullying against a specific student are verified, the Building Director or appropriate administrator shall notify the custodial parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of harassment, intimidation, and/or bullying by a specific student are verified, the Building Director or appropriate administrator shall notify in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the Building Director for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the Building Director for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken that (1) does not disclose the

source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, and/or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site (if one exists). The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. At least once each school year a written statement describing the policy and consequences for violations of the policy shall be sent to each student's custodial parent or guardian.

The statement may be sent with regular student report cards or may be delivered electronically.

The policy and an explanation of the seriousness of bullying by electronic means shall be made available to students in the District and to their custodial parents or guardians.

State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedures.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying and violence within a dating relationship. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines about aggressive behavior and bullying in general, will be age and content appropriate.

Annually, the District shall provide all students enrolled in the District with age-appropriate instruction regarding the Board's policy, including a written or verbal discussion of the consequences for violations of the policy to the extent that State or Federal funds are appropriated for this purpose.

Students in grades seven (7) through twelve (12) shall receive age-appropriate instruction in dating violence prevention education, including instruction in recognizing dating violence warning signs and characteristics of healthy relationships. Parents, who submit a written request to the Building Director to examine the dating violence prevention instruction materials used in the school, will be afforded an opportunity to review the materials within a reasonable period of time.

The District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students, to the extent that State or Federal funds are appropriated for these purposes. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

In accordance with Board Policy [8462](#), the Superintendent shall include a review of this policy on bullying and other forms of harassment in the required training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development.

The Superintendent shall develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

5517.01 - BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR

Definitions of Terms:

"Harassment, Intimidation, or Bullying" means any intentional written, verbal, graphic, or physical act that a student or group of students exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

"Harassment, Intimidating, or Bullying" also means electronically transmitted acts i.e., Internet, cell phone, personal digital assistance (PDA), or wireless hand-held device that a student has exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student/school personnel; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.

In evaluating whether conduct constitutes harassment, intimidation, or bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred.

A school-sponsored activity shall mean any activity conducted on or off school-property (including school buses and other school-related vehicles) that is sponsored, recognized, or authorized by the State Board of Education.

Types of Conduct

Harassment, intimidation, or bullying can include many different behaviors including over intent to ridicule, humiliate, or intimidate another student or school personnel. Examples of conduct that could constitute prohibited behaviors include:

- A. physical violence and/or attacks;
- B. threats, taunts, and intimidation through words and/or gestures;
- C. extortion, damage, or stealing of money and/or possessions;

- D. exclusion from the peer group or spreading rumors; and,
- E. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/on-line sites (also know as "cyber-bullying"), such as the following:
 - 1. posting slurs on web sites where students congregate or on web logs (personal on-line journals or diaries);
 - 2. sending abusive or threatening instant messages;
 - 3. using camera phones to take embarrassing photographs of students and posting them on-line;
 - 4. using web sites to circulate gossip and rumors to other students; and,
 - 5. excluding others from an on-line group by falsely reporting them for inappropriate language to Internet Service Providers.

The following procedures shall be used for reporting, investigating, and resolving complaints of aggressive behavior and/or bullying.

Complaint Procedures

Building principals, assistant principals, and the Superintendent have the responsibility for conducting investigations concerning claims of aggressive behavior and/or bullying. The investigator(s) shall be a neutral party having had no involvement in the complaint presented.

Any student, employee or third party who has knowledge of conduct in violation of Policy 5517.01 or feels s/he has been a victim of aggressive behavior and/or bullying in violation of Policy 5517.01 shall immediately report his/her concerns.

Teachers and other school staff, who witness acts of harassment, intimidation, or bullying, as defined above, shall promptly notify the building principal and/or his/her designee of the event observed, and shall promptly file a written incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected harassment, intimidation, and bullying shall promptly notify the building principal and/or his/her designee of such report(s). If the report is a formal, written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the building principal or his/her designee. If the report is an informal complaint by a student that is received by a teacher or other professional employee, s/he shall prepare a written report of the informal complaint which shall be promptly forwarded (no later than the next school day) to the building principal or his/her designee.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of harassment, intimidation, or bullying in other interactions with students. School personnel may find opportunities to educate students about harassment, intimidation, and bullying and help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student/school personnel, even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

All complaints will be promptly investigated in accordance with the following procedures:

Step I Any complaints, allegations, or rumors of aggressive behavior and/or bullying shall be presented to the building principal or assistant principal or the Superintendent. Students may also report their concerns to teachers or counselors who will be responsible for notifying the appropriate administrator or Board of Education official. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent shall be filed with the Board President. Information may be initially presented anonymously. All such information will be reduced to writing and will include the specific nature of the offense and corresponding dates. If the person filing the formal complaint is an adult, s/he must sign the charge affirming its veracity. If the person filing the formal complaint is a minor, s/he may either sign the charge or affirm its veracity before two (2) administrators.

Step II The administrator/Board official receiving the complaint shall promptly investigate. Parents will be notified of the nature of any complaint involving their student. The administrator/Board official will arrange such meetings as may be necessary with all concerned parties within five (5) work days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The administrator/Board official conducting the investigation shall notify the complainant and parents as appropriate, **(in writing)**, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Superintendent.

Step III If the complainant is not satisfied with the decision at Step II, s/he may submit a written appeal to the Superintendent or designee. Such appeal must be filed within ten (10) work days after receipt of the Step II decision. The Superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to review and discuss the appeal. The Superintendent or designee shall provide a written decision to the complainant's appeal within ten (10) work days of the appeal being filed.

If the complainant is not satisfied with the decision at Step III, a written appeal may be filed with the Board. Such appeal must be filed within ten (10) work days after receipt of the Step III decision. The Board shall, within twenty (20) work days, conduct a hearing at which time the complainant shall be given an opportunity to present the complaint. The Board shall provide a written decision to the complainant within ten (10) work days following completion of the hearing.

Documentation related to the incident, other than any discipline imposed or remedial action taken, will be maintained in a file separate from the student's education records or the employee's personnel file.

Publication of the Prohibition Against Harassment, Intimidation, and Bullying

The prohibition against harassment, intimidation, or bullying shall be publicized in student handbooks and in District publications that set forth comprehensive rules, procedures and standards of conduct for students. Information regarding the policy shall be incorporated into employee training materials. The following statement shall be included:

Harassment, intimidation, or bullying behavior by any student/school personnel in the Youngstown Community School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Harassment, intimidation, or bullying", in accordance with House Bill 276, means any intentional written, verbal, graphic or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt or covert, by a student or group of students toward other students/school personnel with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop that a reasonable person under the circumstances should know will have the effect of:

- A. Causing mental or physical harm to the other student/school personnel including placing an individual in reasonable fear of physical harm and/or damaging of students' personal property; and,**
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.**

Retaliation/False Charges

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry related to a complaint of aggressive behavior and/or bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. False charges shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.

Remedial Actions

Verified acts of harassment, intimidation, or bullying shall result in an intervention by the building principal or his/her designee that is intended to ensure that the prohibition against harassment, intimidation, or bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

Harassment, intimidation, and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation, and bullying. While conduct that rises to the level of "harassment, intimidation, or bullying," as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether or to what extent to impose disciplinary action (detention, in and out-of-school suspension, or expulsion) is a matter for the professional discretion of the building principal. The following sets forth possible interventions for building principals to enforce the Board's prohibition against "harassment, intimidation, or bullying."

Non-Disciplinary Interventions

When verified acts of harassment, intimidation or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation, or bullying, its prohibition, and their duty to avoid any conduct that could be considered harassing, intimidating, or bullying.

If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

Disciplinary Interventions

When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.

Expulsion may be imposed only after a hearing before the Board, a committee of the Board or an impartial hearing officer designated by the Board, in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

Intervention Strategies

In addition to the prompt investigation of complaints of harassment, intimidation, or bullying and direct intervention when such prohibited acts are verified, other District actions may ameliorate any potential problem with harassment, intimidation or bullying in school or at school-sponsored activities. While no specific action is required and school needs for such interventions may vary from time-to-time, the following list of potential intervention strategies shall serve as a resource for administrators and school personnel:

- A. Respectful responses to harassment, intimidation or bullying concerns raised by students, parents, or school personnel.
- B. Planned professional development programs addressing targeted individuals' problem, including what is safe and acceptable Internet use.
- C. Data collection to document victim problems to determine the nature and scope of the problem.
- D. Use of peers to help ameliorate the plight of victims and include them in group activities.
- E. Avoidance of sex-role stereotyping (e.g., males need to be strong and tough).
- F. Awareness and involvement on the part of all school personnel and parents with regard to victim problems.
- G. An attitude that promotes communication, friendship, assertiveness skills and character education.
- H. Modeling by school personnel of positive, respectful, and supportive behavior toward students.
- I. Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others (Ohio School Climate Guidelines).
- J. Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere.
- K. Form harassment, intimidation, and bullying task forces, programs, and other initiatives involving volunteers, parents, law enforcement, and community members.

Intervention Strategies for Protecting Victims

- A. Supervise and discipline offending students fairly and consistently.
- B. Provide adult supervision during recess, lunch time, bathroom breaks, and in the hallways during times of transition.
- C. Maintain contact with parents and guardians of all involved parties.
- D. Provide counseling for the victim if assessment indicates that it is needed.
- E. Inform school personnel of the incident and instruct them to monitor the victim and the offending party for indications of harassing, intimidating, and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed.
- F. Check with the victim daily to ensure that there has been no incidents of harassment, intimidation, bullying, or retaliation from the offender or other parties.

Training

Orientation sessions for students shall introduce the elements of this policy and procedure. Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation, or bullying, and their rights and responsibilities under this and other District policies, procedures, and rules, at student orientation sessions and on other appropriate occasions. Parents will be provided with information about this policy and procedure, as well as information about other District and school rules and disciplinary policies. This policy and procedure shall be reproduced in student, staff, volunteer, and parent handbooks.

Information regarding the policy on harassment, intimidation, and bullying behaviors shall be incorporated into employee training materials and volunteers with direct contact with students. Time spent by school employees in the training, workshops, or courses shall apply toward any State or District-mandated continuing education requirements.

School personnel members are encouraged to address the issue of harassment, intimidation, and bullying in other interaction with students. School personnel may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student/school personnel, even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

Police and Child Protective Services

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services (CPS), according to the prescribed timelines. The School District shall also investigate for the purpose of determining whether there has been a violation of District Policy, even if law enforcement or CPS officials are also investigating. All School District personnel shall cooperate with investigations by outside agencies.

In addition to, or instead of, filing a bullying, harassment, or intimidation complaint through this policy, a complainant may choose to exercise other options, including but not limited to filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under other provisions of the Revised Code or law that may apply.
