3. ESSER Fund Planning

1.) Briefly describe how the LEA is determining its most important educational needs as a result of COVID-19.

Our BLT submitted our plan to ODE for approval. Our schools three main goals as a result from COVID 19 are to make our facility as safe as possible for the return of staff and students, to address the learning gaps of our students as a result of the school building closure and to retain current staff. We will purchase laptops, computer accessories, 2 servers and a comprehensive campus communication system to reduce traffic patterns in the school. We will replace our heating/air conditioning system in the school and doors. We will purchase PPE equipments and sanitation products. We will purchase food line cart to keep food warm during COVID. Last we will retain current staff and hire tutors to close the learning gap.

15.46 1.a.) Estimated number of jobs created or retained as a result of this funding.

2.) Briefly describe how the LEA will assess and address student learning gaps resulting from the disruption in educational services as a result of COVID-19.

YCS plans to hire tutoring staff to assist in addressing student learning gaps resulting from the mandatory school building closure. YCS would work to improve word recognition (ability to transform print into spoken language) by the use of visual information (features of letters, letters, parts of words, words, phonological processing/awareness, print awareness/punctuation) and would look to improve language comprehension (ability to understand spoken language) by the use of meaning making (story sense, prior knowledge, illustrations). We would also work to improve reading comprehension by the use of integrating word recognition skills and language comprehension skills to gain understanding of all genres of text. This would be completed by providing students with the opportunity to work withing the following programs: Reading Recovery, Leveled Literacy Intervention, Lucy Calkins Units of Study in Opinion, Information, and Narrative Writing, and Heggerty Phonemic Awareness.

3.) Briefly describe the LEA's proposed timeline for providing services and assistance to students and staff with these funds.

12/13/21 The school will reconform the central & director's office to build barriers/dividers to socially distance staff, staff & students and staff & visitors.

4.) Briefly describe the extent to which the LEA intends to use ESSER funds to promote remote learning.

YSC will utilize ESSER funds to purchase laptops for our staff, and chromebooks for our students, in the event we would need to utilize virtual options for either short or long term closures as well as summer programs. One server will support school in session, virtual and for any short or long term closures.

5. Select under which authorized program/s the district intends to utilize the funds. Select all that apply.
