

**Youngstown Community School**  
Reading Improvement and Monitoring Plan  
(RIMP)

Dear Parent/ Guardian,

Every September, your child completes beginning of year diagnostic testing to identify strengths and areas of improvement in Reading. The state requires all schools, through the Third Grade Reading Guarantee, to identify students that are “off track” and not meeting minimum requirements; the school then identifies and implements individualized interventions to help each student gain the reading skills needed through a Reading Improvement and Monitoring Plan (RIMP). The reading plan (RIMP) will continue throughout the school year and up to fourth grade to make sure your child’s reading is improving. Your child's teacher will have further information for you at parent/teacher conferences.

Please sign below to acknowledge that you understand that if your child is below grade level for reading they will be receiving intervention during the school year and the Reading Improvement and Monitoring Plan (RIMP) will be in effect until fourth grade or your child tests at or above grade level. If you have any further questions please contact your child’s teacher.

Sincerely,  
Ms. Payich, Director  
Mr. Majzun, Principal

Student Name \_\_\_\_\_ Grade \_\_\_\_\_

\*\*\*By signing this letter I understand that my child will remain on a Reading Improvement Monitoring Plan until they are reading at grade level and/or move to 4th grade. A copy will be given at the beginning and ending of each school year.
