

To the Parents/Guardian of Youngstown Community School:

Youngstown Community School is partnering with Insight Clinical Counseling and Wellness, LLC to provide mental health and wellness services to referred students. Insight is excited about this collaboration and we are thankful to be part of your child's school journey. Insight was founded on the belief of meeting patients where they are on their mental health journey, wherever they may be. We are committed to being a helping and healing hand while working alongside Youngstown Community School.

Insight's School- Base Services are a useful tool in helping students become successful both inside and outside of the classroom. At Insight Clinical Counseling, we work one-on-one with the youth, school personnel and parents as a collaborative approach. We offer school base counseling, case management services, and therapeutic behavioral services within schools.

With that being said, does your son or daughter struggle with regulating their emotions, behavioral difficulties, bullying, or difficulty relating to peers? If so, ask for a referral and we can help.

If you are interested in your child receiving any of these services you can start by talking to your school counselor or principal. To register for onsite school services, please call our office at 330-397-6007 or request an appointment on our website at www.insightclinicalcounseling.com. If you have any questions about our program, please call 330-271-6407. We look forward to hearing from you, and allowing us to help your children with this journey!

Sincerely,

Staci May, LPCC and Christine Andujar, LPCC-S
School Based Coordinators
